## EXPANDABLE MULTIMETERS

BY OPTIC INTERFACES

*with graphic LCD*

Harmonic analysis and event logging

Programmable logic alarms

Function expandability using optic interface add-on modules

Ethernet interface

Measurement accuracy per EN 50470-3 (MID class B)

*100% electricity*

## Energy under control with maximum accuracy

- The backlit graphic display provides clear and intuitive viewing of the measurements.
- Parameter programming is available on 5-multilanguage menus.
- Expansion modules allow to configure the multimeter with respect to the application. The following expansion modules are available:
  - Ethernet, USB, RS232 and RS485
  - Multifunction digital inputs
  - Static and relay outputs
  - Events memory with clock calendar.
